MOUNT LOUISA MARKETS

Vendor Information Sheet | Version 3 – 07/11/2026
Organised by Townsville Markets

📍 Event Details

Location: Mount Louisa Community Church, Cnr Bayswater Road & Mather Street, Mount Louisa
When: Second Friday of each month
Trading Hours: 5:00 pm – 9:00 pm

⏰ Vendor Times

2:00 pm – Vendor bump-in begins
4:30 pm – All vehicles must leave the trading area unless authorised to remain
5:00 pm – All stalls ready; market opens
9:00 pm – Market closes
9:05 pm – Vehicle re-entry, subject to Market Coordinator directions

🚐 Vehicle Access, Bump-In & Bump-Out

Follow the marked traffic flow, drive slowly with hazard lights operating and keep access routes clear. Please pull to the side when loading or unloading wherever practical to allow other vehicles to pass.
Bump-In: All vendors must check in with a Market Coordinator on arrival. Pull up alongside your allocated site, unload promptly and move your vehicle to the designated Vendor Parking area. Gazebos may be erected before unloading where necessary, but please leave the remainder of your stall setup until your vehicle has been moved. All vehicles must leave the trading area by 4:30 pm, unless authorised to remain.
Bump-Out: Pack down your stall before collecting your vehicle. Vehicle re-entry is permitted from 9:05 pm, subject to Market Coordinator directions. Load promptly and depart to minimise congestion.
Please work together, have a little patience and be considerate of each other. Keeping vehicles moving and working together makes bump-in and bump-out easier and safer for everyone.

🎪 Stall Requirements

Vendors must supply everything they need to trade, including gazebos, weights, tables, chairs and lighting. Ground pegs or screws are not permitted. All structures must be adequately weighted and/or secured for weather conditions.

🛍️ Trading Expectations

All stalls must be ready by 5:00 pm. Vendors are encouraged to trade until 9:00 pm, with early pack-down discouraged.

🍔 Food Vendors

Food vendors without a numbered site allocation will be directed to their position within the designated food vendor area by a Market Coordinator. Please do not set up without checking in.

🚙 Car Boot Sales

Car boot sale participants must check in with a Market Coordinator on arrival. No commercial sellers or permanent bookings. Where necessary, it may be possible for vehicles to remain behind stalls. Please speak with a Market Coordinator to arrange this.

💧🔌 Electricity & Water

No mains electricity or water is available to vendors. Bring your own power and water supplies as required, including for handwashing and cleaning. Generators must only be used where they have been declared and approved as part of your vendor application or booking.

🗑️ Waste & Cleanliness

Keep your site tidy and remove your own rubbish, packaging, food waste and liquids. As a community of vendors, we all share the responsibility of looking after the venue. By respecting the grounds and leaving the area clean and tidy, we all help to ensure the continued success of our markets at this location.

👋 Your Market Coordinators

Ricky – BCT3D: Sites B1 & B2
Fiona – Zen Gem: Sites C1 & C2
Julie – August Twenty-Seven: Site B4
If you need assistance, please approach any of these stalls.

📋 Additional Information

Refer to the accompanying site map for parking, access routes and stall locations. All vendors must comply with the Townsville Markets Vendor Guidelines, Terms & Conditions and any applicable category-specific requirements.
